

CORPORATE MEMBERSHIP APPLICATION FORM

A personal note from our CEO, Stephen Barber;

On behalf of everyone at RailEI, thank you for agreeing to become a corporate member. RailEI's mission is to educate, empower and connect people - sharing knowledge and experience, enriching careers and championing railway engineering. Our engagement and collaboration with our corporate members is absolutely central to achieving this. We are indebted to you for your support, both financial and in kind. Without this we would be unable to deliver the scope and quality of service that our members and the wider rail industry have come to expect. I will always welcome your feedback, and so please do get in contact with any suggestions, observations or ways that we could improve our service to you and the wider industry. I look forward to working with you and your colleagues.

Kind regards

Stephen

Your Profile on our Website

As part of your membership, we showcase our corporate members on the RailEI website and through our social media channels. So we can start work on this, please provide us with your Marketing contact and the following information:

1. A high resolution logo
2. 150 words of your choice
3. 6 – 8 images demonstrating the company / product / service
4. Social media handles for X, LinkedIn, Instagram, Facebook & YouTube
5. Link to your website
6. Company contact details

We will send your nominated contact a link to review and approve your webpage before it goes live.

Benefits and Points of Contact

Below is a list of the benefits of corporate membership. If you could populate the name and contact details of the person best placed to co-ordinate participation in each event/activity, we can work to ensure your company gains the most from its membership.

Technical Board

Quarterly meetings with other corporate members to discuss technical issues facing the industry. Opportunity to steer direction of RailEI to deliver services and products fit for purpose.

Contact name		Contact email	
--------------	--	---------------	--

Practical Trackwork & Electrification Challenge

Participants – Arrange for two employees to experience the “coal face” of track and electrification engineering in a safe and supportive environment.

Contact name		Contact email	
--------------	--	---------------	--

Practical Support – The opportunity for more experienced staff to oversee the challenge and to operate the larger plant deployed on the site: this also provides an opportunity for key staff to gain experience in a protected environment.

Contact name		Contact email	
--------------	--	---------------	--

Technical Seminars

Free places - Liaise with RailEI and your colleagues to allocate complimentary spaces to each seminar.

Contact name		Contact email	
--------------	--	---------------	--

Sponsorship - Priority access to sponsorship and exhibitor opportunities.

Contact name		Contact email	
--------------	--	---------------	--

RailEI Journal

- Supplier Spotlight - Priority access to our advertorial space within the RailEI Journal.
- Advertising - Reach our 5000+ audience of railway engineers, managers, directors and influencers and enjoy the 25% discount offered to corporate members.

Technical Content

Calling all things engineering: if you have a project, new product, area of research, video, presentation, paper, article or lessons learnt that you would like to share with the railway community, then we have the platforms to do this. Email our Technical Services Director - joan.heery@railei.org

- Seminars - New development or project? If you have a technical subject or paper that you would like to put forward for consideration for a future seminar, please send it to joan.heery@railei.org
- Technical article you would like to publish? Please send it to journaleditor@railei.org
- Section meetings - We run over 200 technical meetings every year: online and in person that are open to everyone in the railway community. If you have a presentation, we would be delighted to welcome you. Please contact secretary@railei.org
